EnsoMOSAIC UAV compatibility

EnsoMOSAIC (UAV2EM module) software creates automatically EnsoMOSAIC input files for these UAV platforms / Autopilots:

Autopilot / UAV Model	Remarks
Aeryon Scout	
Asctec Falcon8	
C-Astral Bramor	
Elimco	
Geocopter	
Micropilot	in Cropcam, Gatewing, Idetec and Taxussi
Microdrones	
Swinglet CAM	

These autopilots / UAVs create EnsoMOSAIC input files directly by their own conversion routines:

Autopilot / UAV model	Remarks
AggieAir - Paparazzi	by Utah Water Research Laboratory
Lehmann Aviation	
Mavinci	
Pteryx - Flexipilot	
TerraPan Labs - Louis
